

**EDTC 801 Summer Institute in Educational Technology Leadership I
Summer II 2019**

**Project 2: Individual Contribution
Cohort 7 Showcase**

Your Name:	Susan Suarez
Contribution Team	Creative team
Description of Contributions	<p>As a member of the creative team, I contributed meaningfully during brainstorming sessions including what to include in the logo, content for the showcase, transitions, and the order in which the showcase should flow.</p> <p>Not all of my ideas were incorporated, however the suggestions of everyone involved helped to move along the planning and performance and hone the final presentation.</p> <p>Additionally, I was a stage presence introducing the concept “leadership,” and representing the cohort in showing gratitude followed by a lead into the poem “One Day at a Time” by Matthews dedicated to all of our supporters</p>
Your Strengths	<p>In a group of fourteen leaders, one must know when and how to defer, which I do. I listen carefully, and ensure my voice is heard when I have a suggestion.</p> <p>I am an attentive listener and observer.</p> <p>I am also comfortable taking risks with my suggestions and made sure to share them when appropriate.</p> <p>When given the opportunity to do more, I very quickly took the opportunity.</p>

Your Weaknesses

I have a tendency to think a while and process my thoughts before speaking, even during brainstorming sessions. My level of reflection sometimes leads to missed opportunities when dealing with shorter time constraints.
